SUZUKI TECHNO GROUP

Statement on Non-Use of “Conflict Minerals”

We, Suzuki Techno Group, declare that we do not supply materials containing “Conflict Minerals” from mines which directly or indirectly finance or benefit armed groups in the Democratic Republic of the Congo or adjoining countries. The “Conflict Minerals” stated here particularly address four metals [Tungsten(W), Tin(Sn), Tantalum(Ta) and Gold(Au)] under the guide from EICC and its EICC-GeSI Conflict Smelter(CFS) list.

In the event we found that a mineral in our supplying material is not “Conflict Free”, Suzuki Techno Group will immediately perform a corrective action by enforcing that the mineral be obtained from a “Conflict-Free” source.

We will continue working with our manufacturers toward the goal of greater transparency in procurement of raw materials in the supply chain.

For more informations or concerns, please contact STCC at +81 42 334 3731 or suzuki@stcc.co.jp
